GRADE 11-WEEK 7

ENGLISH CORNER

Grade 11 students designed environmental awareness leaflets, demonstrating their understanding of it and analyses a Cambridge AS Level English text to develop their writing and analytical skills and their ability to identify text features and understand how writers communicate with their ideas

ARABIC READING

Grade 11 students participated in a Reading Enrichment session focused on reading comprehension. They practised identifying key ideas, extracting relevant information and communicating their understanding clearly. The session also encouraged students to write concise briefings, strengthening their reading, analytical and writing skills.
