STUDENTS ACHIEVEMENTS

Mathematics

Learning Odd and Even Numbers with UNO Cards

Students enjoyed a fun and interactive Mathematics activity using UNO cards to learn about odd and even numbers. They picked number cards, arranged objects into pairs, and identified whether each number was odd or even. This hands-on activity strengthened their number sense, logical thinking, and problem-solving skills while making learning enjoyable and engaging. Through play-based learning, students developed confidence in recognizing and classifying odd and even numbers.
