THIS WEEK AT NVS

Mathematics: Students explored engaging mathematical challenges, developing their problem-solving, logical reasoning, and critical-thinking skills. They also strengthened their algebraic understanding by substituting given values into expressions and evaluating them.

Science: Students explored energy transfer and the law of conservation of energy through interactive simulations. They observed how energy changes form and moves between objects, while learning that it cannot be created or destroyed.

English: Students brought different characters and real-life situations to life through engaging role-play. They practiced speaking with expression and using effective body language while building creativity, confidence, and teamwork skills.

Arabic: Students took part in the "Reading Leaders" activity, where they read aloud and strengthened their reading fluency and confidence. Their participation helped them develop a greater love of reading.

STAR OF THE WEEK

English	<ul style="list-style-type: none">• Ruqaia Sayed 8A• Maryam Ali 8C
Mathematics	<ul style="list-style-type: none">• Ali Ahmed 8C• Zainab Zakareya 8C
Science	<ul style="list-style-type: none">• Ali Hasan Abbas 8B• Yas Mahmood 8A
Arabic	<ul style="list-style-type: none">• Hassan Mohamed 8A• Husain Ali Sabah 8A

STUDENT ACHIEVEMENTS:

Through the “Reading Leaders” activity, students practiced reading aloud, improved their fluency and confidence, and developed a greater enjoyment of reading.

Students solved challenging problems and applied their understanding of algebra by replacing variables with given values and calculating the results.

UPCOMING EVENTS & IMPORTANT DATES

Mid-term Break.

Approved by: Dr. Mahmoud Ezzat

Supervised by: Mariam Gulraiz

Facilitated by: Nabeel Uddin

Prepared by: Zain Ayman
